Mr. Harold Weisberg:
Mr. Gary Schoener:

Below is some information about your last inquiry.

ROBERT SURREY

This individual was connected with Edwin Walker and was his public relations director for a time. He was a member of the John Birch Society. He broke relations with Walker and the John Birch Society and began work with the American Nazi Party in the Dallas-Fort Worth area. An informant of known reliability advises that as far as he knows, Surrey is still connected with the Nazi Party.
